

Dear Doctor,

I would like to invite you to help serve the area people who do not have medical insurance. There is a Free Medical Clinic open in Franklin that is serving these people; and, we would like to expand our service but you are needed to do this.

In January 2008, the Vineyard Free Medical Clinic was opened to serve people who had no other options for medical care; they do not have insurance at work, Medicaid or any other avenue to receive medical services. There is a real need in the area and we believe that Jesus wanted us to serve these people - so we opened the clinic. Each person sees the Doctor; and, then, we pray for them.

You, as a doctor, would work one or two times per month for two hours or so (it could vary each month depending on your schedule). For example, you work the second Wednesday evening of the month, from 6 - 8 PM. The clinic staff does everything other than the exam of the patient. You show up, do the patient exam, then leave - no paperwork other than writing in the patient's file. There are office personnel and a nurse to do everything else.

If you would be interested in volunteering or learning more about this, please call Tim or Pegi Tehan at 937-750-4883. Thank you.

Sincerely,

Tim Tehan
